Additional information	Tree planting scheme: To facilitate the planting of a tree on your behalf, Gatehouse Bank has purchased the required quantity of Pending Issuance Units (PIUs) from Woodland Carbon Code validated projects that equate to one tree being planted for each of our Woodland Saver Accounts opened or renewed. The Woodland Carbon Code issues carbon units which represent measurable amounts of carbon dioxide (CO2) removed from the atmosphere by trees as they grow – one unit is 1 tonne of carbon dioxide equivalent removed from the atmosphere. A Pending Issuance Unit (PIU) is effectively a ‘promise to deliver’ a Woodland Carbon Unit (WCU) in the future, based on predicted growth of the trees planted. PIUs are converted to WCUs as the woodland is independently verified, to guarantee that carbon dioxide has been captured in the growing trees. The trees planted, on behalf of our customers, are located within four specific UK woodland creation projects, through our planting partner Forest Carbon. The quality of Forest Carbon planting schemes and peatland restoration projects are assured by the UK Government’s Woodland Carbon Code and the International Union for Conservation of Nature’s (IUCN) Peatland Code, both of which certify projects in important areas like biodiversity, ‘additionality’, risk management and carbon capture measurement. 	Taxation The treatment of your account for tax purpose will depend on your individual circumstance and you may need to pay tax on any profit that exceeds your Personal Savings Allowance. For more information please visit HM revenue & Customs' (HMRC) website www.gov.uk/hmrc The tax information provided is based on our understanding of current law and HMRC practice, both of which may change.

¹Gross is the rate of profit payable per annum before deduction of tax.

²AER stands for Annual Equivalent Rate, and it shows the gross rate paid over a year including any compounding* of profit, if applicable.

*Compounding means that the profit you earn is reinvested into your account.

Expected Profit Rate Definition

The profit we share with you is the 'expected profit rate' we offer at the time you open your account. We monitor your account on a daily basis to ensure the expected profit rate will be achieved. If we believe the expected profit rate will not be achieved, we will contact you giving you notice of the new expected profit rate. You will then have the option to continue your account with us at the new rate, or close your account immediately with your original deposit returned, along with profit earned. To date, Gatehouse Bank has always managed to pay its customers the expected profit rate.

Cancellations

We offer a 14-calendar day cooling off period on all of our accounts. If you change your mind within 14 calendar days of funding the account, please write to us and we will cancel your account. No notice periods or charges will apply. You cannot close the account before the maturity date other than in exceptional circumstances as set out in the Terms and Conditions.
